Mark Wilson
State Director
Office of Career and Technical Education
700 Governors Drive
Pierre, SD 57501-2291

Dear Mark,

I am writing to request approval for a name change to our Construction Management Technician program. The intention is to match the naming format of our other programs in the Engineering Technology division.

We are requesting that the name of the program be changed from Construction Management Technician to Construction Management Technology. The graduate of the program will still be a technician in title and not a technologist as that title indicates a four year degree. STI believes that the Construction Management Technology program does not infer the technologist title and that it fits within our mission as a post-secondary technical institute.

If you have any questions please feel free to give me a call at 367-5462. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Craig Peters", is written over a large, stylized, circular scribble.

Craig Peters, EdD
Director of Academic Support
Southeast Technical Institute
